Do's and Don'ts

✓ Do

1) Follow the schedule and be on time for all the events.

2) During the sessions, please keep your mobile phone silent.

3) As we will be running around during the day and having fun at night, choose clothes and shoes that make it easier.

5) Be responsible for littering. Do not throw trash here and there. Use the trash bins only. We still want to keep the venue beautiful for the photos we will be taking!

6) Enjoy the outdoors, but don't forget to carry your own mosquito repellent and protect yourself from mosquito bites.

7) Since Sarah Resort is surrounded by greenery and natural surroundings, there may be poisonous insects and other wildlife in the area. Please be cautious while roaming around the resort premises, especially at night.

7) Bring your own water bottle and stay hydrated.

✗ Don't

1) Don't smoke inside the rooms. This is prohibited and subject to penalty by the resort authority.

2) Don't climb trees. It might be embarrassing to explain to others!

3) Please don't go swimming alone. Do not forget to wear life jackets when boating.

4) Avoid ziplining if you have a fear of heights or are uncertain about your comfort with such activities.

5) Do not go outside of the resort alone or at night.

Lastly, do what you should do and don't do what you shouldn't. Apply your common sense and judgement.

⚠ In case of emergency, assemble near the Tower Building (see the map below).
